Tell me how the fundraiser works?

Your custom web landing page address is printed on the gift card, see example: FreeStuff.Saveers.com/myschool, we will customize your page according to the information you supply on the fundraiser request form.

The card holder visits the web site and chooses from almost 150 items, dozens and dozens are under \$25.

The category "Free Stuff" is loaded with dozens and dozens of items, all under \$25 that the card holder can get free.

The Free Stuff category is what creates the value and enables you to sell the Free Stuff Gift Cards. It is not the only reason a donor will purchase, but the card offers REAL value to the donor .

The next category is "80% Donation" This category is loaded with everyday consumer items. Every item listed within the entire category earns your fundraiser 80% of the profit.

Your fundraiser receives 80% of the full list price of the item, minus it's actual cost from our wholesaler.

Supporters absolutely love the fact that 80% of the profit will actually go to you.

(we take .30 cents and 2.9% credit card charge, our wholesaler sets the price, we set the sale price.)

Example: Wholesaler price \$7, retail \$24, your profit \$12.80. That's 80% of the profit directly to you.

Welcome to Our FREE STUFF Gift Card Fundraiser

We are so close to reaching our fundraising goal for tickets and accommodations to Washington DC. We thank you so much for your help.

The children have worked so hard to make this goal a reality and with your help we can do it together.

Please consider purchasing from the 80% donation category, as Saveers.com donates 80% of the profit from each purchase in that category.

We also receive money for each item in your transaction so add as many items to your purchase as you feel comfortable with. Gift cards are available for sale on the web site for just \$2 each, please buy some for friends and family and even more for yourself.

- 1) Get personal. Adding your own message lets you share your passion with others by telling them firsthand why they should donate. Get them excited about your cause by speaking personally and from the heart.
- 2) Be a donor. Making a donation to your own page shows potential supporters you are serious about helping the cause.
- 3) Reach out. Send individual emails to your closest friends and family and ask them to donate to your page and also to share it with others by providing your URL. These are the people most likely to support you and sending personalized messages really goes the extra mile in garnering that support. Then send emails to anyone else you would like to invite.
